

## ROTARY GRACE

Oh Lord and giver of all good  
We thank Thee for our daily food  
May Rotary friends and Rotary ways  
Help us to serve You all our days  
I will give: "Service above self".

## ADVANCE AUSTRALIA FAIR

Australians all let us rejoice,  
For we are young and free,  
We've golden soil and wealth for toil;  
Our home is girt by sea;  
Our land abounds in nature's gifts  
Of beauty rich and rare;  
In history's page let every stage  
Advance Australia Fair  
In joyful strains then let us sing;  
Advance Australia Fair.

Beneath our radiant Southern Cross  
We'll toil with hearts and hands;  
To make this Commonwealth of ours  
Renowned of all the lands;  
For those who've come across the seas  
We've boundless plains to share;  
With courage let us all combine  
To Advance Australia Fair  
In joyful strains then let us sing,  
Advance Australia Fair.

President Elect Barry Rassin's theme is Be the Inspiration. But what does the theme image actually represent? This is PE Barry's explanation.

## BE THE INSPIRATION

In the forefront of this year's logo is the crest of a breaking wave, representing my island home of the Bahamas, and the sea that surrounds it. The sea represents inspiration, and the waves are that inspiration striking land. Waves are a primal force of nature: constant, dependable, and unstoppable, they change the world not only through their strength, but also through their constancy. I consider Rotary to be another force of nature: an unstoppable force that brings positive change throughout the world.

The sea derives its size and strength not from one source, but from the combination of many sources. Rivulets that ran down mountains, streams that snaked through valleys, and rivers that coursed through megacities, all come together as one united whole. As a sea, they are inspiration; as a wave, they are impact. When we see this wave, we see the strength of our combined efforts, and the untold reach we have as global citizens, people of action, and Rotarians.

The multi-coloured sunbeams behind our wave symbolize the diversity found in

Rotary and the energy this dynamic, living background brings to every initiative in which we take part. We have different backgrounds, different cultures, and different abilities. And yet these differences do not separate us; rather they unite us, because our vision is one. Underneath the tip of the wave, we see a heart. Rotary has heart; we stand in empathy with those who are suffering, and we make it our mission to take action for those who cannot take action for themselves.

On the right side, the wave carves the bright sunlight into the silhouette of a sail. This sail symbolizes the direction intrinsic within Rotary: we know where we are going, and we are focused on our goals.

There's nothing that can hold us back. Our connection, constancy, commitment and heart give us an impact as strong as that of a wave breaking a channel through the hardest rock. Today, nothing remains but for each of us to step forward in our own clubs, neighbourhoods, and communities and Be the Inspiration.
