## What is Rotary

**Started by Paul Harris – in Chicago 1905**, when he just arrived and formed a the first club, with three young businessmen Silvester Schiele a coal merchant, Gustavus Loehr a mining engineer and Hiram Shorey a tailor. They would meet each week in each others office, hence the concept of rotary (rotation).

**Rotary was set up as a Vocational organization**, with the membership being formed from various clasifications, and for many years there could only be one member from each profession. Rotary International is the mother organization, with head quarters in Edmundson Chicago, with districts around the world. The International President is elected each year from Rotary Clubs arround the world.

**Today Rotary is in 220 countries with more than 1.2 Milliom members in 35,660 clubs worlwide, in 540 Districts**

**The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and in particular, to encourage and foster:**

- 1<sup>st</sup> - the development of acquaintance as an opportunity for service.
- 2<sup>nd</sup> – High ethical standards in business and professions, the recognition of the worthiness of all useful occupations and the dignifying of each Rotarian’s occupation as an opportunity to serve society.
- 3<sup>rd</sup> – The application of the ideal of service in each Rotarian’s personal, business and community life.
- 4<sup>th</sup> – The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.
