Take Care

Help for those who might never ask

This is a special event to find out about free services for carers and learn how to help your clients access help from Carer Gateway. Carers of all ages can access Carer Gateway services. This support is available to anyone providing unpaid care for a family member or friend with disability, a medical condition, mental illness or who is frail due to age.

The Q & A panel discussions with Carer Gateway staff and clients will focus on what help is available from specific Carer Gateway services.

As attendees of this event, we will also be caring for you – with delicious food, music and massages.

Come and experience what it is like to be cared for by the Your Side team at the Carer Gateway TAKE CARE event!

Panel Discussions focusing on:

-  Emergency Respite Care
-  Counselling & Coaching
-  Peer Support
-  Young Carers
-  Tailored Packages

Note: Carer Gateway support is not income tested and does not impact funding for NDIS or aged care services
